

Quick Start Guide

You need a Text Marketer account to use our email-to-text gateway. You can sign-up for free at www.textmarketer.co.uk and get 10 free credits to get you started. For those people in a hurry to get started, here's a summary of how to use the gateway. For a detailed description, [click here](#).

Where

- '*<mobile-number>*' is the mobile number you wish to send the message to (one number only per email – see [Quick Start Guide](#) for an explanation of using multiple numbers)
- *APIusername* is your API username (followed by '%')
- *APIpassword* is your API password

If you don't know your API username and password, you'll find them when you log on to the Text Marketer web interface here:

<https://messagebox.textmarketer.co.uk/>(Account Settings > API Settings)
